

Concord Municipal Light Plant

Electric Thermal Storage (ETS) Heating System Rebate Form

Concord Light offers its customers a rebate when an ETS heating system is purchased and installed. We will credit customer's account \$100 for each kW installed. For example, if a 35kW boiler is purchased and installed, you would receive a credit on your account for \$3,500 (35kW x \$100).

Electrician: please fill out this form and forward to Carole Hilton at Concord Light* along with copy of signed Customer Proposal and Heat Loss Calculation
